*Grateful*  
Patient Program

# Grateful Patient Program

*Say Thank You* by making a gift in honor of those who made a difference to you.

If you or a member of your family have been a patient at Lewis County General Hospital and Residential Health Care Facility, perhaps you experienced a doctor, nurse, technician or other hospital staff member who provided you with compassionate care and made a difference in your healthcare experience. What better way to show your gratitude than by making a donation in recognition of their excellent care.

The Grateful Patient Program provides a way to recognize the excellent care that you or a loved one received from a member of the staff while a patient at the hospital. When a Grateful Patient gift is made, the honoree will be sent an acknowledgement that they have been recognized for their outstanding care.

Your gift to the Grateful Patient Program will show your appreciation to an exceptional hospital staff member and will support the mission of Lewis County General Hospital to provide high quality healthcare services in response to the needs of our communities.

To make an on-line donation, please go to [lchf.networkforgood.com](http://lchf.networkforgood.com)

## *Words of Gratitude*

*“My mother was under the wonderful care of the staff in the Rainbow Community for almost three years. It was a blessing for our family to have my mother receive dementia care in her own community.”*

*“We have been so impressed with the dedication of my mother’s doctor in helping her and my family through her illness. He worked beyond our highest expectations to monitor and communicate with us about her serious condition. Lewis County citizens are certainly blessed to have such a caring doctor practicing at Lewis County General Hospital.”*

*“My father recently entered the Residential Healthcare Facility and I have already seen the great care and interpersonal communication given by the staff.”*
